BCOM DEGREE (CBCS) EXAMINATION, MARCH 2020

Sixth Semester

Complementary Course - CO6CMT10 - DATABASE MANAGEMENT SYSTEM

B.Com Model III Computer Applications,B.Com Model II Computer Applications

2017 Admission Onwards

7E6F6E16

Time: 3 Hours   Maximum Marks: 60

Part A

*Answer any **ten** questions.*

*Each question carries **1** mark.*

1.   What is a distributed database?

2.   Who is a sophisticated end user?

3.   What is One-to-Many Relationship?

4.   What is Normalization?

5.   What is screen tip?

6.   What is foreign key?

7.   Give brief notes on forms in Access.

8.   How to insert a Logo or Image in a form?

9.   What is blank report tool?

10.   What is tabular layout?

11.   How will you design the report footer?

12.   How will you send your report as an email message?

(10×1=10)

Part B

*Answer any **six** questions.*

*Each question carries **5** marks.*

13.   Write a short note on file structure of database

14.   Which are the components of DBMS (database languages)?

15. Differentiate Network and Hierarchcal data model?

16. What is Candidate key, Forign Key and Primary key?

17. How can we group database objects?

18. Write note on primary key.

19. Discuss the use a form.

20. Explain the different aspects of controls in a form.

21. What are the three types of controls in Access Reports?

(6×5=30)

Part C

*Answer any **two** questions.*

*Each question carries **10** marks.*

22. Explain the advantages and limitations of Database System

23. Differenciate One-to-Many and Many- to- Many relationship in RDBMS?Give examples for each?

24. What are the different methods of creating tables? Explain.

25. How to create a Cross tab Query using wizard and query design?

(2×10=20)
